

WHAT WE DO

Successful people ask better questions, and as a result, they get better answers!

LEDShub is a full line electrical distributor who is committed to providing the highest quality products, competitively priced, with services exceeding our customers' expectations. We continue to provide added value to our business customers. LEDShub believes customers in today's market are more demanding than ever and they deserve the best.

We at LEDShub will strive to build strong business partnerships with our customers assisting them to grow their business with our quality electrical products, technical knowledge and keeping them updated on all the newest products and labor-saving ideas. We carry all types of energy savings products including LED lighting and we perform free energy audits. We carry a full line of electrical distribution products, wire and cable and even data com, and A/C electrical supplies.

PLAN

We are there for our customers!

As our business and clients grow, we supply our services throughout Florida, the Caribbean, and the World Wide Web across America. We will take that same loyalty and commitment in representing our customers all over the world.

WORLD TODAY

The future of our business is long-term!

In this competitive market, it is essential that companies like LEDShub carry a wide range of stock. Thus, we believe customers in today's market are more demanding than ever and they deserve the best. We will strive to build strong business partnerships with our customers assisting them to grow their business with our quality products, technical knowledge and keeping them updated on all the newest products and labor-saving ideas.

S/MBE

Small Minority Business Enterprise

LEDShub is proud to announce our approval for Small/Minority Business Enterprise Certification with the Palm Beach County.

This certificate will benefit us bringing numerous opportunities and special job classifications in the Palm Beach County and other counties.
